**Hosted by Pollard Memorial Library**

Get ready to laugh! Come join Mark Parisi, author of the HarperCollins middle-grade book series *Marty Pants*, and the creator of an award-winning syndicated newspaper cartoon, off the mark, for a live-streaming drawing workshop. This is a fun, interactive, Zoom program that

includes Mark's award-winning cartoons, drawing & writing advice, and of course, drawing with the kids. Please make sure to prepare drawing paper and drawing utensils at home before this Zoom program and get ready to draw! A Zoom link and password will be sent out to the registrants of this program a week before the program date. Space is limited.

### **11AM-12PM · LOCAL WILDLIFE GAME & NATURE DISCOVERY VIRTUAL PROGRAM**

**All Ages | Registration required: Reserve at <https://lowelllandtrust.org/about-us-2/contact-us/> | Hosted by Lowell Parks & Conservation Trust**

Join Lowell Parks & Conservation trust for an interactive game exploring local wildlife and their habitats. Together, we will look at close-up photos of local wildlife, and guess the animal the photo belongs to.

After the game, we will be scientists and explore some natural items. Bring something from nature that you want to learn more about so we can discover together! What is that green stuff on the stick you found? Why are these pine needles still green? What is making this branch sticky? Student questions will help drive our exploration and discussion, but program leader, Katie, will have some items as well. This virtual program is hosted on Zoom. Registration is required. Please reach out to Katie at [Katie@lowelllandtrust.org](mailto:Katie@lowelllandtrust.org) with any questions.

### **12PM · HANDS-ON HISTORY – PLASTIC YARN MAKING VIDEO**

**Ages 7+ | No registration required | Hosted by the Tsongas Industrial History Center | Website: <https://www.facebook.com/TsongasIndustrialHistoryCenter>**

How can you “upcycle” something common into something amazing? Join Ranger MB to make art from plastic bags! Many of us have plastic bags from the grocery store collecting in our homes. Here is a project that will turn those plastic bags into “Plarn” (or plastic yarn) and learn to weave with it.

- Materials needed: 2-4 plastic bags, scissors, tape, cardboard (like from a cereal box), string

### **2PM-3PM · IMMIGRATION, CULTURE AND COMMUNITY VIRTUAL PROGRAM**

**Ages 9-12 | Registration required: Email [tsongasindustrialhc@gmail.com](mailto:tsongasindustrialhc@gmail.com) to make a reservation | Hosted by the Tsongas Industrial History Center**

Discover the stories of people who came from all over the world to Lowell and make up the city's diverse community today. Join a Park Ranger and explore objects and personal stories to learn about the immigrant groups who arrived in the 19<sup>th</sup>, 20<sup>th</sup>, and 21<sup>st</sup> centuries, including why they came, how they met the challenges of settling in a different environment, and how they contributed to their new community. This virtual program is hosted on Zoom. Registration is required. Space is limited.

### **12PM · HANDS-ON HISTORY – TINFOIL BOAT ENGINEERING CHALLENGE**

**All Ages | No registration required | Hosted by Lowell National Historical Park |**

**Website:** <https://www.facebook.com/Lowell.NPS>

Calling all engineers and scientists! Try our Tin Foil Boat Engineering Challenge. Gather your materials, create a prototype, test your design, and then improve it. Challenge your friends and family members to see different solutions. How many pennies will your tin foil boat hold? What creative solutions can you dream up?

- Materials needed: tin foil, coins, large bowl with water

### **2PM-3PM · WATERPOWER: POWERING A REVOLUTION VIRTUAL PROGRAM**

**Ages 9-14 | Registration required: Email [tsongasindustrialhc@gmail.com](mailto:tsongasindustrialhc@gmail.com) to make a reservation | Hosted by the Tsongas Industrial History Center**

Explore how Lowell's many integrated systems, including waterwheels and turbines, transformed the potential energy of the Merrimack River into kinetic energy that ran the machines. Through a series of investigations led by one of our Park Rangers, learn to generate hypotheses and analyze data to determine the most efficient ways to distribute energy to all the mills' machines. Registration is required. Space is limited.

## **SATURDAY, FEBRUARY 20**

### **10AM · WHAT DO YOU DO WITH A PROBLEM? STORYTIME LIVE PROGRAM**

**All Ages | No registration required | Hosted by Lowell National Historical Park |**

**Website:** <https://www.facebook.com/Lowell.NPS>

Join Ranger Emily for a reading of the story *What Do You Do With a Problem?*, an award-winning book by Kobi Yamada and illustrated by Mae Besom. This story for anyone, at any age, who has ever had a problem that they wished would go away. Together we will look closely at our main character's problem and find out why it's there. Together we will be inspired to better understand the problems that face each of us in our own lives. Tune in live with your fellow community members.

### **12PM · HANDS-ON HISTORY – BUILD A MODEL FLYBALL GOVERNOR CRAFT VIDEO**

**Ages 8+ | No registration required | Hosted by Lowell National Historical Park |**

**Website:** <https://www.facebook.com/Lowell.NPS>

How did engineers make sure that the machines in the factory didn't go too fast or too slowly? Learn how to make your own model of the Flyball Governor with Ranger Bernard. Using a

variety of small items from around the house, Ranger Bernard will walk you step by step in this hands-on craft, which is perfect for families.

- Materials needed: tape, pencil, push pin, toothpicks, small paper cup, 4 pennies, paper clip, rubber band, scissors
